# Camp Killcare

Apron Sisters

This mountain resort consisted of a dance hall, cafe, baseball diamond, and rodeo grounds.

The idea was initiated by "Jim" Kirkpatrick, & he built this combination on the north bank of Provo River, exactly miles from Francis Store & junction east on highway # toward Stewart's ranch. It was developed in about 1920.

Mr Kirkpatrick stayed there for a number of yrs.

Next, his son-in-law Archie Murdock & wife Kirkpatrick took over the operations.

Later the George Dunhams purchased it & ran it till the 1970s when it burned down.

This was a popular resort for many years.
